TOPICS OF THE DAY.

Would Purchase Palestine.

Arthur Smedley Greene, of Greenwich, Conn., has started a movement which has for its object the purchase of the Holy Land by Christian people.

More Horses Than People.

With a population of 4,780,000 the Argentine Republic possesses 5,081,000 horses. It is the only country in the world that has a horse for every inhabitant.

War Expenditures in 1901.

The expenditures for the war department of the United States in 1901 was \$144,615,697. The expenditure for the post office department in the same year was \$115,554,920.

Heroism of a Poet.

An Iowa man succeeded in getting his poetry into print by pinning his verses to his garments before committing suicide. When a poet is determined to publish his work nothing will stop him.

Charitable Secretary Long.

Secretary Long makes large contributions to charity. He follows the rule that a sum equal to that expended for the maintenance of himself and family must be given each year to the destitute.

Dawson City Growing Metropolitan.

The growth of Dawson City is indicated by the fact that the First Methodist church of that city has called to the pastorate Rev. James Livingstone, of Windsor, Ont., at a salary of \$3,000 a year and a parsonage.

Gold Medals for Servants.

The German empress decorates with a gold cross any servant who has lived in the same family 40 years, and the Berlin municipality sets aside each year a small sum for distribution among servants with a ten years' record to their names.

Not Unlawful in Some States.

A court and jury in Wisconsin and in Kentucky have within a week decided adversely on claims that unsought hugs are damaging to the fair plaintiffs. Courts are beginning to realize the necessity of ingratiating themselves in the affections of mankind.

Pleading for Their Own.

Three million people have signed a petition to congress asking for a reduction of the tax on whisky. It would be interesting to know if any of these 3,000,000 really believes he would get more for his money if the tax were reduced than he does at present.

Youngest Heir Apparent.

His royal highness, Prince Michi, grandson of the present mikado of Japan, is the youngest heir presumptive to a great throne among all the royal personages in the world. He is eight months old, has a dozen nurses and English and French governesses will be secured as soon as he is able to talk.

Irish Emigrants.

The capacity of Ireland for sending out emigrants has been one of the marvels of the world. During 1901 the island sent out 39,870 emigrants, or nine in every 1,000 of population, of whom 80.5 per cent. were between the ages of 15 and 35. Even this large total is some 7,000 smaller than that of 1900.

Joys Money Cannot Command.

Within the past year the number of millionaires in this country has jumped over the four thousand mark and is now in the fifth thousand. But all of them put together, with their millions piled in one big heap, cannot buy the joy of the small boy who lets down his little hook and hoists up the first fish of spring.

Railroad Betterments.

One of the best known railroad presidents of the United States, a veteran of long experience, makes public an estimate that the railroads of this country will spend \$100,000,000 this year for improvements, extensions and equipment, a larger total than these companies have ever laid out in any year before in enlarging their traffic facilities.

Idiotic Acts of Postal Clerks.

About the most idiotic act in the world in the line of theft is for a postal clerk to steal a registered package. The next most idiotic act is for a postal clerk to steal any kind of mail that is passing through his hands. One Kansas postal clerk got it in the neck for allowing cash in transit to stick to his fingers. Yet this is something that seldom happens. Uncle Sam has no finer lot of servants than the men of the railway postal cars.—Topeka Capital.

TORNADO IN KANSAS.

Several Dwellings Demolished Near Parker and a few Persons Hurt—A Barn Wrecked and Two Horses Killed.

Parker, Kan., April 29.—A tornado passed south of here yesterday evening, demolishing the barn of J. M. Wooton's farm, one-half mile east of Goodrich, and striking the residence of Charles Howery, which was carried a considerable distance and crushed to pieces. None of the occupants was badly hurt. The storm then struck Oscar Hoyt's dwelling, where a son and a daughter of Mr. Hoyt were hurt, both having broken limbs. Mrs. Keer's house was next in the path of the storm. It is a complete wreck, also the fine house and barn of Thomas Burnett, who had two horses killed in the barn. The dwelling of Harvey Crowe was blown down.

Considerable damage was also done by the storm at Conway.

Several People Killed in Texas.

Dallas, Tex., April 29.—A telephone message to the Dallas News from Morgan, Tex., says a tornado passed over Glenrose, a small town in Somervell county, between five and six o'clock yesterday evening, killing several persons, injuring 40 more and demolishing much property. One-third of the business houses of the town were demolished. Assistance has been sent to Glenrose from Morgan.

SAVAGE QUILTS THE RACE.

Governor of Nebraska Will Not Stand for Renomination—Defends the Bartley Pardon.

Lincoln, Neb., April 29.—In a statement issued last night Gov. Ezra P. Savage announced his withdrawal from the candidacy for renomination. Since he pardoned ex-State Treasurer Bartley from the penitentiary the governor has been subjected to much adverse criticism from men of his party and republican newspapers. In his statement, however, he says he would pardon Bartley again under similar conditions.

Bad Outlook for Wheat.

Larned, Kan., April 29.—The conditions throughout the western Kansas wheat belt continues dry. No rain with the exception of a few local showers has fallen in this section of the country since last June. There is no moisture in the subsoil to sustain the crop and the prospects at the present time are as bad as they could be.

Blow to Kansas Eight-Hour Law.

Leavenworth, Kan., April 29.—The Kansas eight-hour law received a hard knock in the city court here yesterday when a jury of 12 men promptly acquitted J. W. Wright, a prominent contractor, who had been arrested on complaint of W. L. A. Johnson, state labor commissioner, for violation of the law.

Her Trouble Unbearable.

Smith Center, Kan., April 29.—The wife of Henry Stone, a prominent citizen, committed suicide here by hanging. Two years ago she was sent to the insane asylum and was returned home cured mentally, but not physically. She left a letter stating that she could not bear the trouble of her disease.

Is She Mrs. Lueltger?

Chicago, April 29.—Mrs. Mary Robbins, who is believed by some to be Mrs. Adolph L. Lueltger, the supposed murdered wife of the sausage maker, was taken into custody last night by Detective Blais because of the strong suspicion that attaches to her case.

Guthrie, Ok., April 29.—City Marshal R. N. Maxwell, of Lexington, Ok., in a battle with George and Jack Goodin, brothers, near that city, shot both men with a double-barreled shotgun and George died instantly from his wounds.

PHILIPPIC AGAINST SMITH.

Congressman Sibley Says the Samar Commander Should Be Stripped of His Uniform Within 48 Hours.

Washington, April 29.—In the house Monday Mr. Sibley (Penn.) made a bitter denunciation of Gen. Jacob Smith. He said he had always defended the course of the administration and had believed in expansion, but when it came to orders such as had been issued by Gen. Smith humanity seemed to have marched backward. "I have heard of Timor, the Tartar and of the Saracen Scourge, but thank God it took 18 centuries after Calvary to produce a Gen. Smith." He declared Gen. Smith should be discharged in disgrace. "He admits that he issued the orders to make Samar a howling wilderness," said Mr. Sibley, "and to kill all over ten years of age. Such a man ought not to be permitted to stay in the army until the sun goes down. I hope there is enough courage, patriotism and Christianity at the other end of the avenue to see that he is stripped of his uniform within 48 hours."

THEY WANT RECIPROCITY.

Kansas Millers Tell Congress That They Must Have Better Markets or They Must Quit Business.

Washington, April 29.—When the senate convened Monday Mr. Harris (Kan.) presented the following telegram he had received from the Kansas Millers' association: "Kansas millers, on account of foreign discriminations, with the best wheat in the world at their door are not producing over one-third of their full capacity. Unless your committee on foreign relations can give us relief through reciprocal concessions, placing our millers on an equal basis with foreign mills, many of our mills will shut down indefinitely and some of them will be forced to the wall. In our distress, we look to our senators for relief."

PRESENT LAW EXTENDED.

Senate and House Confer on Chinese Exclusion Reach an Agreement on Every Feature of the Bill.

Washington, April 29.—The conferees on the Chinese exclusion bill have reached a complete agreement on the bill. It strikes out that portion of the senate bill limiting the extension of all existing laws to the life of the present treaty and re-enacts them so far as is not inconsistent with the treaty obligations until otherwise provided by law and extends to our island territories so far as applicable. It allows Chinese to enter for exposition purposes and retains the provision regarding certification in the Philippine islands.

CURTIS DEFENDS FUNSTON.

On the Floor of the House the Topeka Congressman Haris Defiance at the General's Critics.

Washington, April 29.—In the house Monday Mr. Curtis (Kan.) made a brief but fervent defense of Gen. Funston against the criticism to which he had been subjected. "The people of Kansas," he began, "are proud of the brave and daring record of gallant Fred Funston. He has been criticised here for an act which for daring of conception and execution ranks with the greatest features of arms—he captured the new George Washington—Aguinaldo."

CROW STARTS INQUIRY.
